TALES FROM EARTHSEA (GEDO SENKI)

(1 hour and 55 minutes)

Ged goes on a trip to discover the real nature of a person breaking world balance. And he meets Prince Arren who had darkness in a heart.

Ged and Arren meet a girl Theru, brought up by Tenar and who is an old friend of Ged.

Four people fight to regain world balance.

I think a theme of this movie is to be "life and death". Therefore I thought it to be slightly difficult for me.

However, I like the scene where Theru knocks down an enemy with Arren at last. Because the scene where they co-operate is impressive.

So I think that this movie is pretty good.

What is a PUN?

A **pun** is a joke where a word has two meanings.

The ENGLISH TROUBLE comics use puns many times.

For example, this month the pun comes from the word "trip".

"Trip" is a word that can mean TWO things:
(1) A holiday or vacation *(I went on a TRIP to India)*
(2) To fall over something *(Do not TRIP over that bag on the floor)*
